DIRT BIKE HELMET

DIRT bike helmets go by a number of different names, they all refer to the same idea of image and practicality. Whether you call them motocross helmets, MX helmets, off road helmets or dual-sport, you know that classic open face, extended visor style. HJC, Fox, Shoei, Arai, Vega and many more offer off road style helmets in all shapes and sizes. Troy Lee and a number of other famous riders have included their designs on helmets available for purchase. We have motocross helmets for kids, women's motocross helmets, and a seemingly endless variety of graphics, colors and designs. Check out reviews and get the best deals on all your motocross gear here today.

LS2 MX456 Helmets

IDR 215000

The LS2 MX 456 is the helmet Cyril Despres used to win the 2013 Dakar Rally. The LS2 engineers and technicians developed an ultra-lightweight, bi composite fiberglass shell. The MX456 weighs only 3.15 pound (in a medium size). You'll be stunned the first time you hold it in your hand, and you'll forget you have it on when you go riding. There's a built-in air pump fit system that surrounds your head, so you can get a perfect fit with the just a few pumps. Full flow-through ventilation and a absorbing, technical fabric liner keeps you cooler and drier. The liner is fully washable and removable so you can keep it fresh. The MX456 was proven at Dakar. Whether motocross, desert, trail, or enduro, this is a serious piece of equipment for the serious off-road rider. DOT/CEC approved.

Arai VX-PRO 4 Graphics

IDR 85000

ARAI IS THE ONLY COMPANY OFFERING MULTIPLE INTERIOR-FIT SHAPES TO BETTER ADDRESS THE INFINITE VARIETY OF RIDERS HEAD SHAPES AND SIZES. No one pays more attention to the subtle variations and infinite possibilities of the helmet head shape than Arai. Why? Because it's the secret to getting the best comfort and fit. So for more than three decades, Arai has pioneered different shapes ? and even different proportions within those shapes ? in our various helmet models, working to offer a better fit for more people.

Scorpion VX-35 Graphics

IDR 130000

The VX-35 includes features demanded by the world's top off-road riders, yet available at a price anyone can afford. A stylish ECE/DOJ certified shell reduces the weight while the dual EPS liner adds incredible impact protection. The AirFit cheek pad system allows the VX-35 to be custom fitted around your cheeks while the antimicrobial KwikWick II liner absorbs moisture to provide the utmost comfort for your ride. Simply pull the liner out and throw it in the wash when dirty, and while you're at it pop open the tool-less chin vent and clean that out too. The VX-35 packs other unique features you do not see in most helmets such as a peak extender. This will help block mud and sun in any terrain.

Shoei VFX-W Graphics

IDR 105000

When it comes to off-road helmets, the VFX-W from Shoei helmets really has it all. Both DOT and Snell M2015 approved, this motocross helmet ensures you will be as safe as possible while still providing the comfortable Shoei feel. All of the 3D Max-Dry liners are fully removable, washable and replaceable, and combined with the Advanced Integrated Matrix shell structure this helmet protects riders from even the most brutal environments. And in the event of an incident, the Emergency Quick Release System enables first responders to safely remove your helmet without disturbing the head or neck. If you are in need of a sturdy helmet for the great outdoors, the VFX-W is one of the best.

Bell Star
IDR 430000
Since its introduction back in 1967, the Bell Star has long represented the standard in head protection. Renowned as the first full-face helmet on the market, the Bell Star inspired an industry to pursue the science of head protection. That obsession with helmet innovation continues today. The new Bell Star is more than an evolution of its predecessor. It's a complete rethinking of what a race helmet should be, driven by the essential needs of the modern racer.

AGV Pista GP
IDR 1445000
The Pista GP is the revolutionary new top of the range model. Developed in collaboration with Valentino Rossi and other riders from the World Championship Series, the Pista GP sets new standards in terms of protection and ergonomics and is the benchmark for professional race helmets. The carbon fibre shell and the EPS internal components were optimised using FEM techniques (Finite Elements Analysis) to obtain an extremely high performance helmet in terms of size, light weight and protection. The result is a helmet that is significantly superior than the limits set by ECE standards and that weighs just 1275 g (refers to MS size in the ECE 2205 version).
